My Journey

A story of what I learned
Of Web Development in Spring 2023

My Journey

Is a story of what I learned

- HTML, CSS, JavaScript, JQuery, BootStrap
- Building a Webpage

Site shows work done during the course

- About Me Page
- Brazilian Restaurant Page

Stakeholders & Audience

Stakeholders

- Government, Employers, and Me
 - Affected by getting an employee
 - I'm affected by getting employment

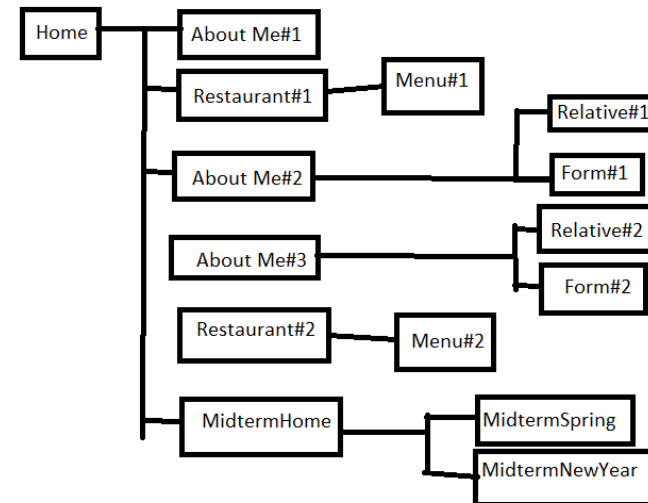

Audience

- Employers and Curious Individuals
 - Those who are interested visit the site

Sitemap

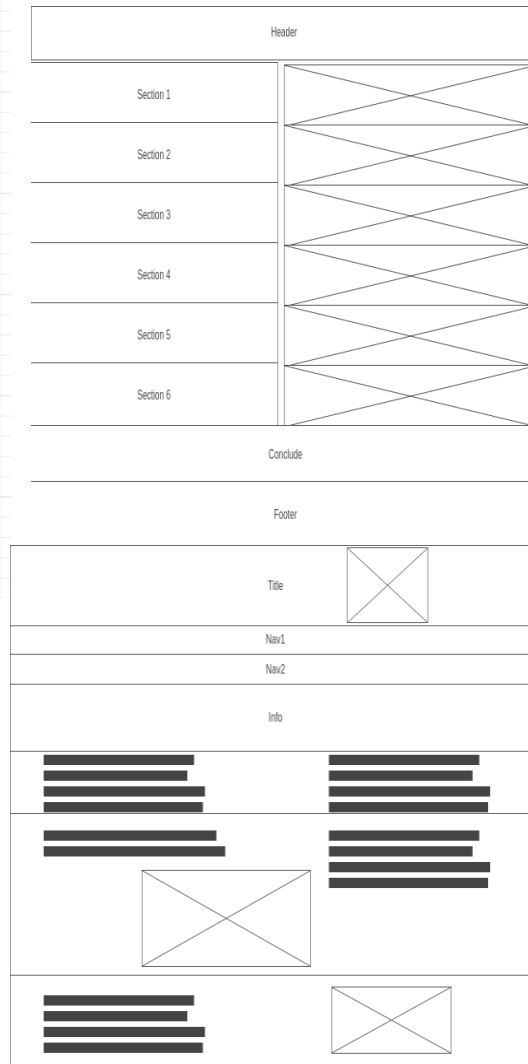

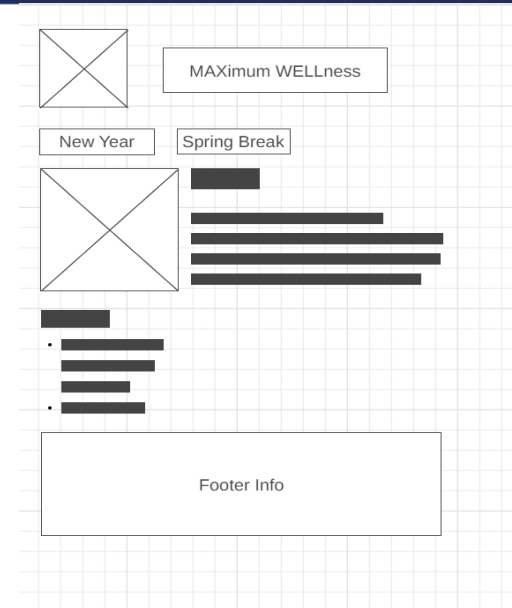

- Shows how the site is organized
 - Helps for structure to the site.

Wireframe

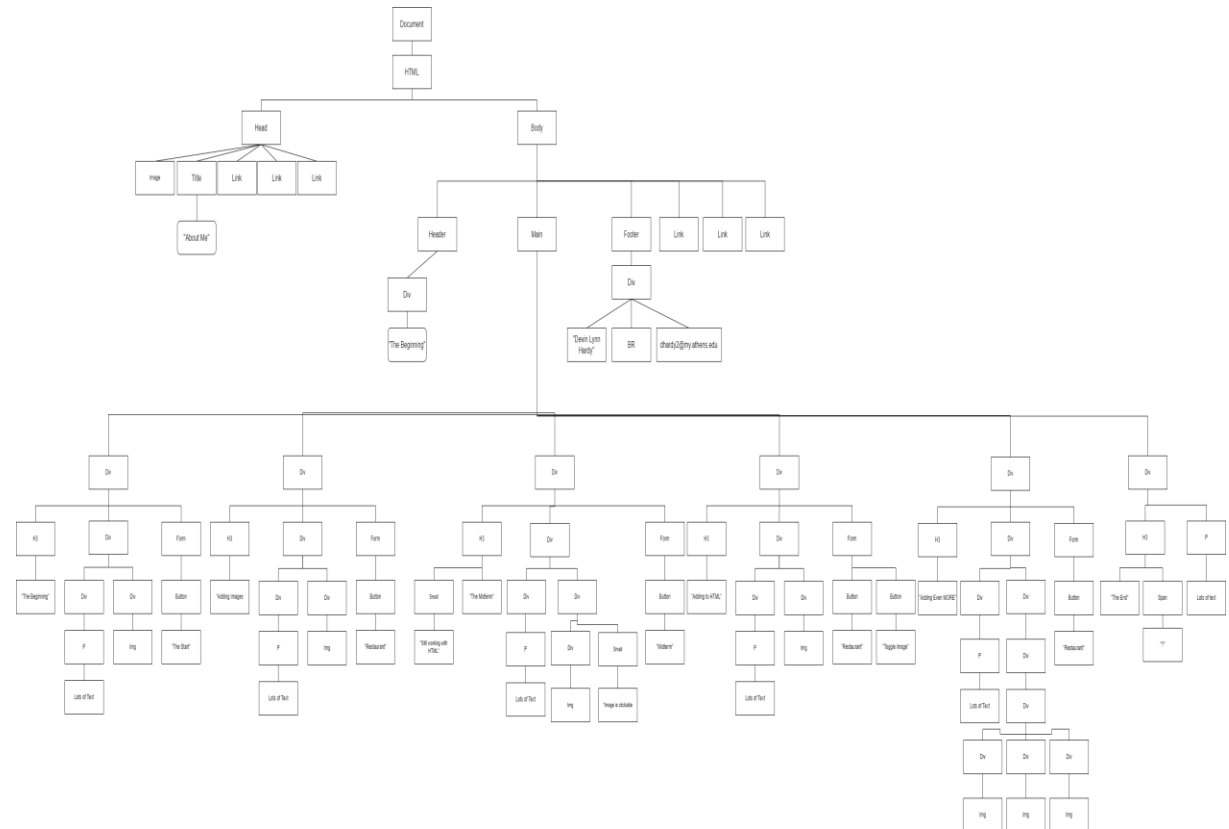

- Rough guide for building webpage
 - Format of how site will look
 - Only a few will be shown

DOM

- Model of the html code
 - Structured Model of

Validation

Site Validation:

- Every page has been validated
 - Green for all pages

Accessibility:

- Pages are accessible
 - Some Alerts

Mobile friendly:

- Site is not mobile friendly
 - Could be enhanced to fix that

Live Demo

Reflection

I struggled being creative
CSS, and JavaScript was difficult
But I enjoyed the structure
HTML and BootStrap was fun
